

1947-2017 MWG 70 years!!

Saturday, March 18, 2017

Speaker: Valerie Musselman

Topic: "Interaction of Color and Weave Structure in 8 Shaft Crackle Threading"

Bio information: "I've been weaving since 1980. The thing that fascinates me most about weaving is working out "the puzzle" of the interlacement, the color interactions, and all the details that go into making an integrated cloth. I especially like to make complex looking fabrics with just a few shafts."

**Michigan Weavers Guild Presents a Workshop by Karen Donde
“Turned Beiderwand: One Threading, Multiple Structures”**

Karen Donde weaves garments, fashion accessories and home textiles for sale and teaches beginning-advanced weaving classes and assorted workshops for guilds and conferences. Teaching credits include HGA’s Convergence 2012, 2014, & 2016, Southeast Fiber Forum, the Mid-Atlantic Fiber Assn.’s Workshop Weekend and Sutherland Handweaving Studio in Asheville, N.C. Karen is a juried member of the Southern Highland Craft Guild and a 2013 graduate of Haywood Community College’s Professional Crafts-Fiber program.

An experienced and award-winning writer with a bachelor of journalism degree from the University of Missouri, Donde now writes for and about weavers. She is a contributor to Handwoven magazine and its Weaving Today email newsletter, and serves on the magazine’s Editorial Advisory Board.

Workshop Description: Turning a beiderwand draft creates clean pattern blocks, better drape and faster, one-shuttle weaving than its traditional supplementary weft method. The resulting threading also adapts easily to weave other structures. Students will warp with a supplementary warp and weave samples, learning how to turn a draft and make do without a second warp beam. Level: Intermediate

Workshop Format: This workshop requires at least 6 shafts, though 8 shafts are preferred. More are fine, as every 2 shafts provides an additional pattern block. Each participant weaves a variety of samples on his/her own loom, as that’s the fun of turning this draft. There will be several different drafts on looms to offer a variety of designs for discussion. Drafts are matched to loom style and weaver experience. A second warp beam is useful, but alternatives for weighting the pattern warps separately will be offered for those without. This is NOT a round robin workshop.

Students to supply: Pre-warped 8 shaft loom, shuttles, bobbins, wefts per leader’s instructions, scissors, etc.

Dates: Thursday, October 19 and Friday, October 20, 2017

Time: 9:00 a.m. – 4:00 p.m.

Place: Peace Lutheran Church, 17029 West 13 Mile Road, Southfield, MI 48076-7749

Workshop fee: \$120 for Michigan Weavers Guild members and \$155 for non-members, includes \$10 supply fee.

Cancellations: You may cancel up to one month before the workshop for a full refund. If you cancel later than that, we will issue a refund only if we are able to fill your space.

Deadline for registration is September 16, 2017
